Annual report

4

1. Envision the future—[Task Force for Review of the ERMB](#)
[ERMB, CTP & CPS chairs]
 - a. The Task Force's [interim report](#) was published in the 2021 Fall issue of JEAL for community feedback.
 - b. Final report, with recommendations of elevating ERMB to a CEAL standing committee, submitted to EB in mid-January.
2. Annual meeting program approved by the EB
3. Cooperative Cataloging project update

Dacheng Project

The UC San Diego Library continued to update/add ~100 titles in OCLC and is planning to complete the cataloging for the remaining few hundred titles in this coming year.

Minguo & Late Qing Project

1. The University of Hong Kong Libraries finished upgrading or creating 5000 OCLC records in summer 2021.
2. The project focused on adding a uniform title to differentiate resources with the same title, treating title changes (building relationships among titles, adding records for continuing/continued titles, etc.), and updating titles published in Hong Kong.

2022 ERMB Annual Meeting Program

Theme: *Open Access Resources and Metadata Program*

Description

In light of the open access movement, many academic libraries are committed to making their metadata as open as possible to enhance the discovery of library resources and allow users to repurpose metadata with clearly defined licensing information such as CC0 or ODC-BY. Co-hosted by CEAL ERMB, Committee for Technical Processing, Committee for Public Services, and the Task Force for Review of the ERMB, this forum will present diverse types of open access resources and metadata use cases.
