The **YES24 e-library** refers to an online digital library where you can borrow and return e-books, reserve and extend them anytime and anywhere by accessing the Internet, just like borrowing and returning paper books at the library.

Users can read borrowed books right away through a web viewer without installing an additional viewer program.

To build an e-library, we provide a list of more than 350,000 Korean e-books to purchase and its price.

Yes24 services more than about 350,000 e-books now, and updates and releases about 6,000 e-books monthly.

Yes24 uses ID/PW for the authentication, and has been updated and renewed to meet the latest and utmost UI (User Interface) and UX (User’s Experience).
